

QuickBooks Online to Business Central Assessment

We will help you evaluate and validate your ability to upgrade from QuickBooks Online to Microsoft Dynamics 365 Business Central.

2-hour

Free Assessment

As organizations grow, so do their financial and operational needs. Many start with QuickBooks Online, but with limits when it comes to operational components, managing multiple legal entities, and more, forward-thinking businesses are exploring what else is available to elevate their capabilities. That's why many are turning to Microsoft Dynamics 365 Business Central. Throughout this assessment we'll discuss your organization's requirements and explore options based on your specific needs.

As one of Canada's largest professional services firms, we have the accounting background, industry expertise, and technical experience to assess options with a critical eye and make data-driven recommendations to help guide your path forward.

Key benefits

At the end of this engagement, you will have the following:

- ✓ An assessment of your current environment and requirements
- ✓ A better understanding of Dynamics Business Central and if it's the right fit for you
- ✓ A recommendations document

What's included

To be tailored to your organization's needs.
